The overall experience was well polished and exactly what I wanted from a fantasy story." MonsterZombie "The setting is a massive world full of content and that makes the game easy to be immersed in. The level design is also a great sight, something that's almost always underrated, but which made me feel more immersed." Unaquirori "The gameplay is simple, but there's so much content. You can get lost exploring the vast world, but that's not a problem because it's a huge world. The battles are also great, and I loved seeing the new enemies that appear."
