Find and Convert Videos to 3GP for Free! Video Converter is the best tool to convert any video files to 3GP format. It supports all video formats and transfer to 3GP or iPhone, as well as convert MP3, WAV, WMA, MOD, AMR to 3GP video. It has all the

features of professional video converter. If you are looking for a free 3GP converter to convert any video to 3GP, it is the best choice. Reviews of Free 3GP Video Converter Editors' Rating User Review Have you ever come across a video you want to convert but can't figure out how to do it? If so, this free program is for you. Icepine Free 3GP Video Converter makes converting your favorite videos to 3GP for the iPhone or iPod Touch simple. The best part of it is that it allows you to load all of your files at once and do the conversion from there. If your favorite videos are all saved in a movie file format, you can simply drag and drop them into the program. (This also works if your video files are stored on a computer that's connected to the internet.) The program will then automatically convert them to 3GP video for you. One of the best features about this program is that it's built in with video presets. You can select the video resolution for the 3GP you'd like to get. It can create 320 by 480, 320 by

640, or 480 by 640 3GP video. It can also let you specify whether you want the video to have stereo sound or mono sound. And if you'd like to keep the video's original quality, you can choose to compress or compress and reduce the video quality. There's also a built-in video editor in this program that lets you trim out portions of the video. And you can also set the bit rate and choose whether you want the audio to be in the video. The program also lets you edit the video's start and end time. It also has built-in video to video conversion features. For instance, if you have a file in AVI format and would like to convert it to 3GP video, this program can do it all for you. There's also a built-in Web browser that lets you download the 3GP video and also convert MP3 files and music files to 3GP. It also lets you convert MP4 files to 3GP. This program is a must-have if you frequently want to convert your videos to 3GP. Overall, this program is easy to use and it's completely free! Download it today and see how simple

it is
