One of the greatest things about being a gym teacher is knowing all the rumors about who did what and with which teacher. It's always innocent until proven guilty. This girl always gets herself pregnant; it's rumored that she had sex with every teacher, and she only put the blame on them, all of them. Her father was always next to her, watching her, trying to convince her to have the abortion. She was just a kid at the time, and the alternative was so terrifying that she put up a fight and refused. So she decided to follow her father's advice, and she had sex with all the teachers. Two years later, she had a daughter, and she put all the blame on the last teacher she had sex with. She is always getting pregnant; and only this time, she is also pregnant with twins. She is very happy, because she never wanted to be pregnant, and she always hated the idea of getting into debt or being a burden on her children. She got used to the idea to get fucked by her teacher in a gym, in front of her mother and her little daughter. If the truth is revealed, her daughter would be the one that is going to get screwed the most. Her daughter's teacher is going to fuck that little nymphomaniac without mercy.
